

CURRICULUM VITAE

MARIA VITTORIA MICIONI DI BONAVENTURA

NAME AND SURNAME: Maria Vittoria Micioni Di Bonaventura

DATE AND PLACE OF BIRTH: [REDACTED]

NATIONALITY : [REDACTED]

ADDRESS: [REDACTED]

CONTACTS: Mobile: [REDACTED]
Office: +39 0737403316
Fax: +39 0737403343
E-mail: mariavittoria.micioni@unicam.it

PROFESSIONAL EDUCATION

January - August 2017

Scientific research activity at the University of Experimental Therapeutics Institute, Mount Sinai Hospital, New York (USA). Supervisor: Paul J Kenny, PhD, Ward-Coleman Professor and Chair Arthur M. Fishberg Department of Neuroscience Experimental Therapeutics Institute Icahn School of Medicine at Mount Sinai.

March and May 2015

Scientific research activity at the University of Zurich, Institute of Veterinary Physiology, Veterinary Faculty and Centre for Integrative Human Physiology, regard activation of extracellular signal regulated kinase (ERK) signaling pathway in ovariectomized female rats in which binge eating episodes were evoked. Supervisors: Prof. Thomas A. Lutz and Dr. Lori Asarian

1st - 5th September 2014

International **Summer School** on Nutrigenomics, Camerino.

28th June - 4th July 2014

XII International **Summer School** of Neuroscience "Dopamine", Catania, Italy. Federation of European Pharmacological Societies (EPHAR), Italian Society of Pharmacology (SIF), Italian Society of Neuropsychopharmacology (SINPF)

July 2013 - July 2016

Post-doc position: "Epigenetic modulation of eating disorders and obesity: searching for new pharmacotherapies", School of Pharmacy, University of Camerino.

22nd February 2013

Master course in "Manager of Pharmaceutical Department", School of Pharmacy, University of Camerino.

26th - 28th September 2012

Summer School "Drug Addiction: from Basic Science to Clinical Management", Busto Arsizio (Varese).

July 2012 - June 2013

Post-doc position: "Innovative strategies for the pharmacotherapy of Binge Eating Disorder and Bulimia Nervosa", School of Pharmacy, University of Camerino.

24th February 2012

PhD in Pharmaceutical Sciences and Biotechnology, University of Camerino with full marks: "Innovative pharmacological strategies for treatment of binge-type eating disorders". Mentors: Prof. Maurizio Massi, Dr. Carlo Cifani.

September 2011 - February 2012

Scientific research activity at the University of Zurich, Institute of Veterinary Physiology, Veterinary Faculty and Centre for Integrative Human Physiology, regard the ovarian hormones mechanisms and influence on binge eating episodes. Supervisors: Prof. Thomas A. Lutz and Dr. Lori Asarian.

January 2010 - April 2010

Scientific Projects with the pharmaceutical industry GlaxoSmithKline: Framework agreement for the implementation of research, testing, studies, analysis and evaluation of products of GlaxoSmithKline on excessive feeding elicited environmental-food associated cues in female rats with food restriction history; Assessment of GSK compounds activity in rat compulsive eating model elicited by repeated episodes of food restriction/re-feeding and acute stress.

2009 - 2011

Pharmacology studies as PhD student at the Department of Experimental Medicine and Public Health, University of Camerino, aimed at developing animal models for the study and treatment of eating disorders and the development of therapeutic strategies in the treatment of alcohol abuse.

December 2008

Winner of the competition for a position of **PhD student** in "Pharmaceutical Sciences and Biotechnology", XXIV Cycle, at the Experimental Medicine and Public Health Department, Pharmacology Unit, University of Camerino.

September - December 2008

Fellowship for research activities: "Effects of Nociceptin/Orphanin FQ in a Model of Binge-Eating Elicited by Yo-Yo Dieting and Stressful Exposure to Food in Female Rats" at the Department of Experimental Medicine and Public Health, University of Camerino. Mentor: Prof. Maurizio Massi

August 2008

English intensive EF Summer course in London.

28th March 2008

Degree in Pharmacy at the University of Camerino, 110/110 and honours: *Congenit DA.WOKW females are suitable models to elucidate the genetics of binge eating disorder?* Mentors: Prof. Ingrid Kloeting, Prof. Carlo Polidori.

September 2007 - March 2008

Erasmus period (6 months) at the Biotechnikum, University of Greifswald, Germany. Supervisor: Prof. Ingrid Kloeting. Studies to investigate the relationship between genetic differences and the development of binge eating in *Wistar Ottawa KarlsburgW (WOKW) rats*, characterized

phenotypically and genetically for the metabolic syndrome, and in *resistant strain (DA) rats* and finally in *congenic DA.WOK rat lines* generated by crossing them.

June 2006 - July 2007

Scientific research aimed at preparing experimental degree thesis at the Department of Pharmacological Sciences and Experimental Medicine, University of Camerino. Behavioural pharmacology studies, focused on the development of animal models for the analysis and treatment of binge eating.

August 2005

Short Term Program (4 weeks) at the **English language Centre of Victoria University, Canada.**

July 2002

High school scientific diploma - Liceo Scientifico Peano, Nereto (TE), Italy.

RESEARCH PROJECTS AND FUNDING ATTRACTION

1) 2015: FAR PROJECT: Obesity-related nervous system injury: treatment strategies linked to pathophysiology. Project Funded University of Camerino.

Total funding: 35.000 euro.

Dr. Maria Vittoria Micioni Di Bonaventura is the post-doc of the Pharmacology Research Unit of the University of Camerino. Investigator.

2) 2014-2016: PRIN PROJECT 2012 Funded by MIUR (Ministry of Education, University and Research). “The endocannabinoid system as possible target for the treatment of obesity-related disorders: beyond cannabinoid receptors”. Project Funded by Ministerial Decree n. 2414 of 2013 November 27. **Total funding: 310.158 euro.**

Dr. Maria Vittoria Micioni Di Bonaventura is the post-doc of the Research Unit of the University of Camerino, dedicated to this project and collaborates with the two coordinators of the other two Units.

3) 2013-2015: FIRB PROJECT Funded by MIUR (Ministry of Education, University and Research): Epigenetic modulation of eating disorders and obesity: searching for new pharmacotherapies. Project Funded by Ministerial Decree n. 735 of 2012 November 6.

Total funding: 864.000 euro.

Dr. Maria Vittoria Micioni Di Bonaventura is the post-doc of the Research Unit of the University of Camerino, dedicated to this project and collaborates with the three coordinators of the other three Units.

6) FAR Project 2012: Food and health: lentils as a novel tool for nutraceutical approach. Funded by the University of Camerino. Total funding: 58.000 euro.

Member of Unit of Pharmacology of the School of Pharmacy (Pharmacology Unit).

DIDACTIC ACTIVITY

Academic Year 2013-2014 / 2014-2015 / 2015-2016/2016-2017

Lecturer of the course: "Health products of plant origin", School of Pharmacy, University of Camerino, Bachelor Degree in "Scientific Information on Drugs and Sciences of Fitness and Health Products", 8 CFU, 56 hours teaching.

Academic Years 2009-2010 / 2010-2011 / 2012-2013 / 2013-2014

Didactic Tutor of the University Master of second level "*Manager of Pharmaceutical Departments*", University of Camerino. The Master is organized in collaboration with the Italian Society of Pharmacology (SIF), the Italian Society of Hospital Pharmacy (SIFO), the Hospital "Papa Giovanni XXIII" of Bergamo and the ASUR Marche. This is an initiative of major importance in terms of educational (200 hours of frontal lessons) commitment. 50 students for each Edition.

Academic Years 2014-2015, 2015-2016, 2016-2017

Vice director of the University Master of second level "*Manager of Pharmaceutical Departments*", University of Camerino.

Since 7th March 2012 until now

Exam Committee member of the teaching of Pharmacology and Pharmacotherapy I for the degree courses of Pharmacy and Scientific Information on Drugs: Faculty Council of 7th March 2012.

Since 3rd October 2014 until now

Exam Committee member of the teaching of Pharmacology and Pharmacotherapy II for the degree courses of Pharmacy: Faculty Council of 3rd October 2014.

2014-2016

Post Doctoral research representative of School of Pharmacy, University of Camerino.

Academic Years 2011-2012 / 2012-2013 / 2013-2014/ 2014-2015/ 2015-2016/2016-2017

Co-Mentor of 16 master thesis in *Pharmacology and Pharmacoterapy* (School of Pharmacy, University of Camerino).

Co-Mentor 1 master thesis in *Pharmacology and Pharmacoterapy* (Scientific Information on Drugs, University of Camerino).

Co-Mentor 1 master thesis in *Health products of plant origin* (Scientific Information on Drugs and Sciences of Fitness and Health Products, University of Camerino).

SCIENTIFIC AWARDS

2016

L'Oréal-UNESCO Awards for Women in Science: 20.000 euro.

2015

EBPS Travel Award for Joint Meeting EBPS (European Behavioural Pharmacology Society)-EBBS (European Brain and Behaviour Society), Verona, September 12-15

2015

IBRO PERC-FENS World Congress Travel Grants FOR 9th World Congress of the International Brain Research Organization (IBRO), Rio de Janeiro, Brazil, 7-11 July 2015.

2014

IBRO (International Brain Research Organization) AWARD: Selected for the IBRO InEurope Short Stay Program at University of Zurich: 3,000 euro.

2014

TRAVEL AWARD at XII International Summer School of Neuroscience "Dopamine", Catania, 28 June-4 July, 2014 Federation of European Pharmacological Societies (EPHAR), Italian Society of Pharmacology (SIF), Italian Society of Neuropsychopharmacology (SINPF).

2014

TRAVEL AWARD at the FENS (Federations of European Neuroscience Societies) FORUM in Milan, 2014 July 5-9.

2014

TRAVEL AWARD at the ECNP (European College of Neuropsychopharmacology) Workshop for Junior Scientists in Europe, Nice (France), 2014 March 3-6.

2014

Mentor of 2013 Best thesis in Pharmacology in Italian University: experimental thesis of Stefania Mazzotta: "Effetto di agonisti del recettore adenosinico A_{2A} sull'assunzione di cibo standard e palatabile in ratte". Scientific committee: "FarmacistaPiù, Il futuro della professione", Federazione Ordini Farmacisti Italiani (FOFI), Roma, 2014, April 5.

2013

BEST POSTER PRESENTATION at the 36th Conference of the Italian Society of Pharmacology "Influence of the ovarian cycle on binge eating evoked in female rats by stress and food restrictions", Torino, 2013 October, 23-26

2013

FARMINDUSTRIA - ITALIAN SOCIETY OF PHARMACOLOGY AWARD

Award 10,000 euro for best scientific production in years 2009-2013

Torino, 2013 October, 25

2012

TRAVEL AWARD for the Summer School "Drug Addiction: from Basic Science to Clinical Management", Busto Arsizio (Varese), 2012 September, 26-28

2008

Winner of the national competition *LEONARDO DA VINCI 2007-2008 "UNIPHARMA GRADUATES-4"*, Rome.

2002 - 2008

Winner of University Scholarship

Academic years: 2002/2003 - 2003/2004 - 2005/2006 - 2007/2008 and during the Erasmus project

MEMBERSHIP SCIENTIFIC SOCIETY

SIF: Italian Society of Pharmacology

SFN: Society for Neuroscience

SSIB: Society for the Study of the Ingestive Behavior

IBNS: International Behavioral Neuroscience Society

EBPS: European Behavioural Pharmacology Society

ECNP: European College Of Neuropsychopharmacology

SKILLS

Behavioral techniques and methodologies:

General small laboratory animal handling.

Operant self-administration of food and drugs.

Anxiety tests (Plus maze, defensive burying).

Open field, locomotor activity analysis

Porsolt test (forced swimming)

Experimental paradigms of drug addiction

Experimental paradigms of cognition

Drug administration:

Intraoral, intraperitoneal, subcutaneous and intracranial injections.

Surgical procedures:

Intracranial surgery with stereotaxical method.

Neuroanatomic knowledge:

Brain microdissection techniques.

Use of cryostat.

Immunohistochemistry:

Fos immunohistochemistry.

pERK immunohistochemistry.

Informatic:

Good informatic knowledge: Office (Microsoft Word, Excel, Access, Power Point), statistical programs (Superanova, Systat), internet for biomedic data banks researches, Micromedex for specific drugs information

Language:

Good English, written and spoken
